FEBRUARY 2002

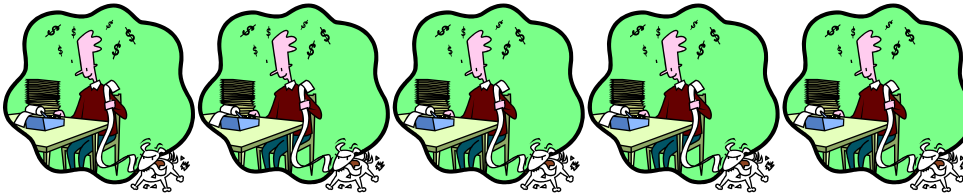

Do you see a musician or a girl's face?

What is this a picture of ?

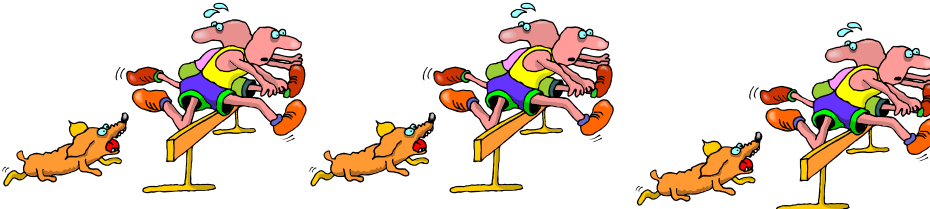

We at Central Collections would like to thank Dave Grier and Roger Cusworth for the hard work of getting the website updated for us, they have done an exceptional job!

Just a reminder, any communications with our vendors need to go through us. This helps us to stay on top of any current issues. Please make sure that the phone number you give to a debtor to contact us, is one of these numbers, 303-866-6560 or 1-800-221-2297.

We would like to thank all of you for getting the backup to us right away for the tax offset hearings. Our deadlines were tight but you as our Team-mates came through for us. We also appreciate the patience that you have shown during tax offset season, as some of you spent some time on hold waiting to have your questions answered.

Tax Offset for Higher Ed awaits the last Legislation hurdle. It passed the Business and Finance committee unanimously, with no questions on due process. It has also gone through the General Assembly and been approved. Next it goes to the Honorable Bill Owens for approval. I will keep you all posted as I receive more information!
